## COORDINATED AGENCY RECOVERY EFFORT

---

C.A.R.E. is a multi-agency public outreach program to disseminate information about recovery efforts and potential storm impacts following the August/September 2009 California wildfires.

### FOREST ROADS TO RE-OPEN

The Los Angeles County Department of Public Works has announced the re-opening of some sections of the Angeles Forest Highway and other connecting forest roads that were closed yesterday, February 19, due to forecasted storms.

The roads will reopen today, Saturday, February 20, at 5:00 p.m. as a construction zone with access limited to residents, contractors, and emergency vehicles only. This restriction is necessary to allow Public Works crews and vehicles to continue to clear roadway culverts, inlets and shoulders, and make necessary repairs to some of the roads.

The roads that will reopen are:

- Angeles Forest Highway, between Aliso Canyon Road and Big Tujunga Canyon Road.
- Big Tujunga Canyon Road, between LA City line and Angeles Forest Hwy.
- Upper Big Tujunga Canyon Road, between Angeles Forest Hwy. and SR-2.
- Mt. Wilson Road, between SR-2 and Mt. Wilson Circle Road.

The section of Angeles Forest Highway between Big Tujunga Canyon Road and Angeles Crest Highway (SR-2) will remain closed due to ongoing repairs to pavement and adjacent slopes from prior storms.

For updates on these and other road openings and closures, motorists can visit the Coordinated Agency Recovery Effort (C.A.R.E.) website at [www.dpwcare.org](http://www.dpwcare.org).

Angeles Crest Highway (SR-2) remains closed. For updates on Angeles Crest Highway, call Caltrans at (213) 897-3656, or visit [www.dot.ca.gov/dist07](http://www.dot.ca.gov/dist07).
